

**TIM SHERIDAN,
FOUNDER / CEO**

Timothy J. Sheridan, Founder and CEO of Attorney Service Group, is an innovator in the field of legal collections, litigation management and insurance, legal & financial investigations. He has spent over 20 years serving the insurance industry working for respected collection agencies such as Dun & Bradstreet, NCO Group, OSI Collection Services and Insurance Adjustment Bureau. He also managed Due Diligence, an insurance-specific collection agency he co-founded in 1995 then sold to his partner in 2000 to create Attorney Service Group.

An active member of the Commercial Law League of America (CLLA) since 1986, Sheridan served on its Board of Governors 2002-2003 on the Committee of Forwarders and Receivers. Sheridan also is a member of the National Association of Subrogation Professionals (NASP), Insurance Accounting & Systems Association (IASA) and ACA International. As a licensed Private Investigator specializing in financial & insurance investigations, he has provided forensic accounting and financial investigative services to federal agencies (FDIC and RTC), state agencies (Louisiana and Pennsylvania Departments of Insurance) and numerous companies in the insurance industry.

Through his experience, he has found that collection agencies may be effective with routine, smaller balance collections, but that attorneys are required for more complex collection matters such as workers compensation and general liability audit premiums. Drawing on the concept of HMO's (networked doctors that agree to work under uniform procedures and fees) he envisioned the same business model being used for insurance attorneys. Sheridan has negotiated agreements with collection attorneys experienced in insurance related matters and now has over 500 attorneys strategically located nationwide to represent insurance carriers, Managing General Agents and Third Party Administrators in every state court jurisdiction.
